

The secure technology foundation for your enterprise

HealthVerity is transforming the way data-led organizations make critical decisions. Our technology platform serves as the foundation for the rapid creation, exchange and management of healthcare and consumer data in a fully-interoperable, privacy-protecting manner. Advantaged by highly sophisticated identity resolution and matching capabilities, HealthVerity is on a mission to **increase transparency, forge interoperability and activate deeper insights.**

HealthVerity at a glance

- The HealthVerity platform is trusted by **over 100 Fortune 500 companies**
- **70% of top US pharmaceutical and biotech** companies rely on HealthVerity technology
- **10x better** de-identification & matching accuracy results than our leading competitors
- Clients have access to **over 330 million patients** and **30 billion transactions** - the most complete coverage of US healthcare, consumer & purchase data

The HealthVerity Platform

Why HealthVerity?

Discover healthcare data in a way that has never before been possible.

Activate your data for expanded interoperability inside your enterprise and across your partner network.

Reveal uncharted insights with actionable social determinants of health.

Centralize and govern patient and provider consent with blockchain technology.

Who do we work with?

- ✓ Pharma
- ✓ Insurers
- ✓ Consultants
- ✓ Data providers
- ✓ Non-healthcare
